WORK EXPERIENCE

Summary

Italian junior software engineer living in the UK for the past 9 years. I consider myself a self-driven, goal-oriented person with a great passion for traveling and programming. My background as a designer and a VFX artist, my attention for details, and my ability to work in harmony both in a team and alone makes a strong asset within your team.

Experience

Software Developer, 07/2024 - Present

IT Career Switch Course Projects

- Creation of multiple full-stack projects using primarily PHP, HTML, CSS, JavaScript and jQuery.
- Most of these projects included the implementation of a RESTful API.

Front-End Development of Medimob Screenings

- Assisted with the front-end development of Medimob Screenings.
- Particular focus on responsive design.

VFX Artist, 2018 - Present

- Worked in multiple international companies as a compositor in the VFX industry.
- Worked for Netflix, Marvel, AppleTV+, Disney, HBO, Funko, National Geographic, Star Wars
- Some of the movies I worked on: The Witcher, 3 Body problem, The Mandalorian, Miss Marvel, and many more.

UI/UX Designer, 08/2020 - 03/2025

Medimob Ltd - Bristol

- UI/UX Design of all the components and pages of the web application
- Liaised with software engineers.
- Projects:
 - www.medimob.co.uk
 - www.screenings.medimob.co.uk

Meeko Studios - Bristol

- Designed multiple websites using Figma, AdobeXD, Wordpress.
- Liaised with software engineers and clients.
- Projects:
 - www.thethyroidclinic.co.uk
 - www.seansymington.com
 - www.superstarsportmidlands.co.uk
